

Introducing...

SpArc After Dark

Join us at SpArc Studios for our first ever installment of **SpArc After Dark** on Thursday May 11, 2017!

For our inaugural event, learn the beautiful and traditional Japanese art of shibori dyeing. Admission includes fabric to dye, light refreshments and beverages. If you have something that is 100% cotton or silk that you wish to dye, please feel free to bring it to class! Cost is \$40 per person.

You will be led through the steps of this traditional process that uses natural indigo dye by Christina Lukac, a fiber artist and educator who works with diverse populations.

This event is open and accessible to all people, regardless of ability! Space is limited, so please RSVP to claim your spot. Contact Linda Price at lprice@sparcphilly.org or 215.229.4550 Ext. 172
